

Miserable City

Reckless Kelly

Call me the mayor of Miserable City
Sounds Lonely but it ain't so bad
If we'd have left this town you'd still be with me
Walked away from everything we've never had

Hopes and dreams disappear with the skyline
Tell myself it'll be alright
Couple bucks for the guy on the sidewalk
A couple drinks to forget you tonight

Time drags on slower than you want it to
In Miserable City
Came here to dream but we're lying there awake
Here she comes another nothin' left to loose
In Miserable City
On the run but you'll never get away

Down and out in Miserable City
I wonder if I'll ever see you again
Feelin' broken like the cracks in the sidewalk
Night fallin' as the storm rolls in

Crossin' over to the so called good side
Daydreamin' 'bout hoppin' this train
Can't help but wonder where she's goin'
A ray of sunshine sneakin' through the rain

Time drags on slower than you want it to
In Miserable City
Came here to dream but we're lying there awake
Here she comes another nothin' run of bad luck
In Miserable City
On the run but we'll never get away

Time drags on slower than you want it to in Miserable City
Came here to dream but we're lying there awake
Here she comes another nothin' left to loose in Miserable City
On the run but we'll never get away
From Miserable City
Miserable City
Miserable City
