

## Animal Attraction

### Reckless Love

On the beach in the sunshine weather  
In dark of a movie theater  
Anytime, anywhere. Baby I don't care

In the back of a taxi baby  
By the side of the road while waitin'  
On the boat, on the train, on the airplane

The world is a jungle  
So forget the rules

Everybody's got an animal inside  
No one has ever been so civilized  
Animal attraction is everything there is  
Love is just a feelin' that we missed

In the bar, on the DJ table  
The dancefloor and the elevator  
On the stairs, in the hall, in the corridor

On the stove, on the kitchen counter  
In the pool, baby, in the shower  
On the bed, on the floor, up against the wall

We're still in a jungle  
So forget the rules

Everybody's got an animal inside  
No one has ever been so civilized  
Animal attraction is everything there is  
Love is just a feelin' that we missed

Everybody's got an animal inside  
No one has ever been so civilized  
Animal attraction is everything there is  
Love is just a feelin' that we missed
