

# Fight

Reckless Love

Tonight I will start a fight  
Gonna wrestle with her till the morning light  
Tonight there's gonna be a fight  
Such a classic clash of sexes in the night

Baby tonight, I will lose control  
Is it just me or does chaos turn you on?  
Baby tonight, just because I like  
I will piss her off and I will get her wild  
I will start a fight, oh yeah

Tonight she will knock me out  
Body-slamming me until I hit the ground  
Tonight I will start a fight  
I wanna see that passion burning in her eyes

Baby tonight, I'm out of control  
I will make her scream like no one else before  
Baby tonight, just because I like  
I will piss her off and I will get her vile  
I will start a fight, oh yeah

Baby tonight, I will lose control  
Is it just me or does chaos turn you on?  
Baby tonight, just because I like (just because I like)  
I will piss her off and I will get her wild  
I will start a fight, oh yeah

Tonight I'm out of control (I'm out of control)  
I will make her scream like no one else before  
Baby tonight, just because I like (just because I like)  
I will piss her off and I will get her vile  
I will start a fight  
Start a fight  
Ooh, come on!
