

# Goodnight

Reckless Love

relieving feeling when i am leaving  
We had our share of fun and you really turned me on  
But there was something wrong  
and now it's time for me to move on  
Where you a day too old?  
I don't know, but now I've got to, (got to go)  
to find what i've been looking for long  
Goodnight, my beautiful sprite  
Goodnight, no need for us to fight  
Goodnight, I hope no reason to cry  
Knocking sound of my kneels when i step out your door  
Reckless Love Goodnight Lyrics  
You won't hear me calling 'cause i want no more  
My snake-leather boots are gonna tell me just where to go  
Am i turning to cold?  
I don't know, but now i've got to, (got to go)  
to find what i've been looking for long  
I wonder if it's true, that i can't falling love  
I wonder if it's you girl, who's to change this "law from above"
