

# Let's Get Cracking (THWP)

## Reckless Love

Wine  
Gimme red or white  
Whisky vodka liquor of any kind

I need a pint  
Or maybe 29  
Beer is mostly water  
Baby keep in mind

Let's take a shot  
Get the bottoms up  
Let's forget about tomorrow  
Shall we have another shot?

Yeah! Fill it up  
We don't ever stop  
Better keep 'em coming  
Gonna drink until we drop

I'm not driving home  
I'm not walking  
I can't stand up straight  
Barely talking  
But I could use  
Some more of booze

Party till the bitter end  
Never just a little bent  
Hit the bottle hard again  
Let's get cracking

Party till the bitter end  
Never just a little bent  
Hit the bottle hard again  
Let's get cracking

Wow  
Did I really black out  
'Cause I can not remember how

I got the shakes  
And the doctor says  
It's the medical condition  
We can only celebrate

Celebrate  
Oh for goodness sake  
Let's wash away tomorrow  
With our every little ache

For what it takes  
I can not wait  
It really is an illness  
And we love to medicate

Smashed trashed hammered too  
I'm not wasted

Shitfaced pissed myself

I can't taste it  
But I could use  
Some more of booze

Party till the bitter end  
Never just a little bent  
Hit the bottle hard again  
Let's get cracking

Party till the bitter end  
Never just a little bent  
Hit the bottle hard again  
Hit the bottle hard again

Open up and say Ah!

Party till the bitter end  
Never just a little bent  
Hit the bottle hard again  
Let's get cracking

Party till the bitter end  
Never just a little bent  
Hit the bottle hard again  
Let's get cracking

That's how we party and I say  
That's how we party and I say  
La-la-la

Always on the line  
Of getting too much at a time  
We like it when it shines  
But it's hard to see at night  
Feeling over fine  
Like in nineteen eighty five  
Baby keeping it together  
With another glass of wine

Hey buddy hey buddy  
If you're saying that  
It's freaking you out now  
Hey buddy hey buddy  
Bring us something that  
Will slow us down now yeah

That's how we party and I say  
That's how we party and I say  
That's how we party and I say  
La-la-la
