

## Like a Cobra

### Reckless Love

I've been sitting here for hours smoking  
Watching how you play the game of lies  
Sometimes I am sober now I'm soaking  
But baby I am ready when you roll the dice

I'm a gambling man 'n' patience is my nature  
Gonna hustle 'til the odds are in my favor

Like a cobra in the darkness waiting to strike  
I am never gonna let you outta my sight  
Gonna slither in your garden and  
I'll get you hypnotized  
Like a cobra I will get you in the night

We intake our love in heavy doses  
Two snakes in the grass, we are the same  
Too late to wake up 'n' smell the roses  
Now I got your venom running through my veins

I'm a desperado I will not surrender  
Señoritas like yourself love me forever  
(Forever)

Like a cobra in the darkness waiting to strike  
(Waiting to strike)  
I am never gonna let you outta my sight  
(Outta my sight)  
Gonna slither in your garden and  
I'll get you hypnotized  
Like a cobra I will get you in the night

Ha- ha- just like a cobra  
Ha- ha- just like a cobra  
Ha- ha- just like a cobra

Like a cobra in the darkness waiting to strike  
(Waiting to strike)  
I am never gonna let you outta my sight  
(Outta my sight)  
Gonna slither in your garden and  
I'll get you hypnotized  
'N' my poison heart is sucking love  
From every single bite  
Like a cobra I will get you in the night
