## Reckless Love

I have been looking for you all over this earth  
Behind the eyes of every boy and every girl  
Now that I found you I can wash away the dirt  
I should have known that you were out of this world

All of my wasted life  
You were out of sight  
Tell me I'll need you high  
From me in the night  
Crazy how just a smile  
Reaches hysteria and euphoria  
I miss that

My heart is feelin' no pain  
This love is getting me loaded  
So loaded  
We are like needles in veins  
This love is getting me loaded  
So loaded  
It's like I'm over the moon  
And tonight I'm getting high on you  
My heart is feelin' no pain  
This love is getting me loaded  
So loaded, so loaded

I'm like a drunkie and you're everything I need  
This deadly pleasure only feeding on our heed  
I know it hurts me but I'm gonna let it bleed  
My head is in the clouds I can't find my feet

All of my wasted life  
You were out of sight  
Tell me I'll need you high  
From me in the night  
Now that your love is mine  
Touch is like a drug  
Cannot get enough  
I miss that

My heart is feelin' no pain  
This love is getting me loaded  
So loaded  
We are like needles in veins  
This love is getting me loaded  
So loaded  
It's like I'm over the moon  
And tonight I'm getting high on you  
My heart is feelin' no pain  
This love is getting me loaded  
So loaded, so loaded  
So loaded, so loaded

You're my favorite kind of drug

My heart is feelin' no pain  
This love is getting me loaded  
So loaded

We are like needles in veins  
This love is getting me loaded  
So loaded  
It's like I'm over the moon (I'm over the moon)  
And tonight I'm getting high on you  
My heart is feelin' no pain  
This love is getting me loaded  
So loaded, so loaded
