

Monster

Reckless Love

Monster
Monster
Come on pretty monster gimme

Hunky babe with her plastic boobs
And the poison in her skin
Bleeding stitches on the fresh cut wounds
I can feel her needle sting
Confident in her riding boots
And behind the evil grin
Beautiful like a bad tattoo
Looking like a mortal sin
A lady unnatural and shady
And I think she's like
A demon afrodisiac
I wanna see her shaking that
Shake that thing
Shake that thing

Monster
She's my favourite monster
She's my beautiful monster
She's a monster yeah
Come on in my bed
Come on pretty monster gimme
Come on pretty monster gimme

Real eyes cannot realize
Real lies in perfect form
Forgery by a surgery
She is more than flesh on bone
Synthesized like a Frankenstein
With a lot of silicone
Superwoman and a dirty freak
Yeah that's what turns me on
A beauty a different kinda cutie
And I like her sexy
Artificial body parts
I wanna lick her beauty scars
She's a thing
She's a thing

Monster
She's my favourite monster
She's my beautiful monster
She's a monster yeah
Come on in my bed
Come on pretty monster gimme
Come on pretty monster gimme

Monster
She's my favourite monster
She's my beautiful monster
She's a monster yeah
Come on in my bed
Come on pretty monster gimme

Monster

She's my favourite monster

She's my beautiful monster

She's a monster yeah

Come on in my bed

Come on pretty monster gimme

Come on pretty monster gimme

Come on pretty monster gimme
