

# Night on Fire

Reckless Love

Gonna paint my face  
As I write our name  
In fire and flames  
Tonight world is burning

Ah we got no grace  
No we got no shame  
We follow the fate  
Of wild and the dirty

The heat of the moment we need it  
The beat of my heart can you feel it

The Night is On Fire  
The Night is On Fire  
We only desire  
To turn the flames up higher  
The Night is On Fire  
The world's a bit brighter  
On Fire

Gonna entertain  
Molotov cocktails  
We got cheap champagne  
We're making the earthquake

Gonna celebrate  
We annihilate  
And light up this place  
So bright you will need shades

The heat of the moment we need it  
The beat of my heart can you feel it

The Night is On Fire  
The Night is On Fire  
We only desire  
To turn the flames up higher  
The Night is On Fire  
The world's a bit brighter  
On Fire

You're leadin  
We follow  
We're screaming  
This evening  
We need it

The Night is On Fire  
The Night is On Fire  
We only desire  
To turn the flames up higher  
The Night is On Fire  
The world's a bit brighter  
On Fire

The Night is On Fire

The Night is On Fire  
We only desire  
To turn the flames up higher  
The Night is On Fire  
The world's a bit brighter  
On Fire
