

# So Happy I Could Die

Reckless Love

I gotta five little bottle of  
Of the sweet little sparkle and  
My friends that are ready to go

There's lovin in the air  
Everybody's taking care  
That there ain't nobody  
Running low

So hold on to your head  
Baby hold on to my hand  
And never ever let me go

I took a little too much but  
You know its not enough  
And all we ever gonna do is more

WHOOO OOOAH

Girl I think my heart's  
Gonna explode I WANT IT ALL

WOAH YEAH

Tonight I feel so happy I could die YEAH

And everybody's having such a good time  
And my head is flying  
So high

I gotta fistfull of whiskey and  
A pocket full of party and  
I used to have a smoke or two

I speak the secret language  
Of the people in the business  
And the dictionary's in my shoe

So hold in to your keys  
Baby hold on to your phone  
I've already lost my own

It's early in the evening and  
I still have got my wallet  
And I know exactly where to go

WHOOO OOOAH

Girl I think my heart's  
Gonna explode  
Give me excess of everything

WOAH YEAH

Tonight I feel so happy I could die YEAH

And everybody's having such a good time

And my head is flying oh  
So high!!!

Give more

WHOOO OOOAH

Girl I think my heart's Gonna explode

Give more Give more more more more

WOAH YEAH

Tonight I feel so happy I could die YEAH (2x)

And everybody's having such a good time  
And my head is flying oh  
So high
