

Speedin'

Reckless Love

Alright I got a girl she's a bit extreme
All night we will be out racing down the street
My miss mechanic baby, pump my fuel
Damn me for loving you

Got me speeding speeding
On the speed of light
Like a lightning strike
Got me speeding speeding
Supercharge my heart
I ain't gonna stop
Said now I'm supercharged

Hold tight, I'm coming fast baby power-slide
Oh my, I'm gonna crash into you tonight
M-m-my miss mechanic you're my gasoline
You're my adrenaline

Got me speeding speeding
On the speed of light
Like a lightning strike
Got me speeding speeding
Supercharge my heart
I ain't gonna stop
Said now I'm supercharged

I've been chasing you down the street all night
And so far, all that you've given me is a touch of your taillight
I'm gonna show you what the bumpers are made for
I'm gonna catch you once I kick my last gear in

Got me speeding speeding
On the speed of light
Like a lightning strike
Got me speeding speeding
Supercharge my heart
I ain't gonna stop
Now I ain't gonna stop
Now I'm supercharged
