

We Are the Weekend

Reckless Love

I
I will never let you step aside
I will never let you run and hide
'Cause you know we are
Like 'em truly undefeated
Why?
'Cause together we can win this fight
'Cause together we will hold the line
Gonna keep it tight
Like 'em truly undefeated
We have seen the light
Of the Friday night
It's a working mans real paradise
Lighting up every party right
Like the rockets on 4th of July
Hey

Tonight we're going all the way
So if ya with us yell hooray
We are the weekend
We are the weekend
Why
We never need a reason why
'Cause anywhere at anytime
We are the weekend
We are the weekend

High
Like the fever of the Saturday night
We are coming for ya nation wide
We are bona fide
And you know we can't be beated
Try
Try to breaks us with the daily grind
Everyday until the day we die
Fighting nine to five
But ya know we can't be beated
We posses the spark
For explosive starts
Lighting up the dark
Because we are
Setting off any party right
Like the undisputed Friday night
Hey

Tonight we're going all the way
So if ya with us yell hooray
We are the weekend
We are the weekend
Why
We never need a reason why
'Cause anywhere at anytime
We are the weekend
We are the weekend

Any Monday is fine
Any Tuesday is right

For a marvellous good time
We just make it real loud
And if everyone's down then
We are the weekend yeah

We are all soldiers
In a fight against boredom
The oppression of the employer
Work does not set you free
We do
Hey

Tonight we're going all the way
So if ya with us yell hooray
We are the weekend
We are the weekend
Why

We never need a reason why
'Cause anywhere at anytime
We are the weekend
We are the weekend
Why

We never need a reason why
'Cause anywhere at anytime
We are the weekend
We are the weekend
We are the weekend
We are the weekend
