

Action

Red Café

COME AND SEE SOME ACTION, baby
But before it's heard some more
'Cause I been watching, baby
HAD TO COME TO LET YOU KNOW THAT
Baby girl, you got it, let me see just what you can do
Turn it up tonight, you're gonna have me all over you

I'm so on I can't get off of her
I mean I be on watch like officer
So I give her hard liquor till it softens her
Then I take them tight clothes off of her
She just offered me head, how thoughtful, huh?
I can see myself going back and forth in her
I know, I know, that it's awful, huh
But I ain't dead, I usually would've coffin her
But shorty alive, if I give her a mic, bitch
Shorty a five, classic bitch

COME AND SEE SOME ACTION, baby
But before it's heard some more
'Cause I been watching, baby
HAD TO COME TO LET YOU KNOW THAT
Baby girl, you got it, let me see just what you can do
Turn it up tonight, you're gonna have me all over you

I get paper, everything else irrelevant
Before that girl met the Don, she was celibate
Maybe she keep it 100, maybe she lying
Fuck who she fucking tonight, that thing mine
Boss nigga get in there every day
If I ain't getting blocks of money, I'm getting laid
Trees spark up and the champagne pour
Take her to the dog pound, chop her down, scar
I'm a winner, lobster dinner
Sauvignon Blanc, Tokyo, Hong Kong
Worldwide hustler, Red Cafe
Keep her on her does, she do that ballet
What else?

COME AND SEE SOME ACTION, baby
But before it's heard some more
'Cause I been watching, baby
HAD TO COME TO LET YOU KNOW THAT
Baby girl, you got it, let me see just what you can do
Turn it up tonight, you're gonna have me all over you

COME AND SEE SOME ACTION, baby
But before it's heard some more
'Cause I been watching, baby
HAD TO COME TO LET YOU KNOW THAT
Baby girl, you got it, let me see just what you can do
Turn it up tonight, you're gonna have me all over you
