

# Everydays A Weekend

Red Café

Yeeaah, roll one - light one  
We gon' take it to the cloudz  
Believe that!

I hopped in the four door and mashed out  
Like I hit the fucking lotto and cashed out  
Last night I smoked white kush, passed out  
Why nobody ain't telling me, damn  
It's a new day I'm feelin good like raw sex  
Forever hood fuck the law, yes  
Got a bad bitch naked in my fortress  
Keep your enemies close what you call chess  
I'm playing it ain't hard to tell like L  
I am doing doing and doing it well  
Ask Khaled - all I do is win  
Then I gets money tell a friend tell a friend  
Fly bitches, fast cars and fresh fabrics  
At the clearport with black cars no baggage  
My life is so movie like  
Self Made nigga, New York to LA, nigga  
Game time, watch how they tailgate, nigga  
I am the fuckin' main event from a milk crate, nigga  
Flow sharper than Steve Harvey hairline  
Homie, I'm flyier than a united airline

Welcome to my world  
Where every day is a weekend  
Believe that  
And we'll be smoking  
Cause every day is a weekend  
Believe that  
And shorty want a ride  
She said she wanna be next to me  
I am so hood, I am the realest  
Getting money be my specialty  
It's moving!

Ashes on my sweatpants, still smokin'  
Bitch think she slick, fishing for my password  
Left my laptop open  
Funny games ran by lames, I'm in my [?] sellin'  
Taking pictures of my favorite strains  
Puffin by [?] mocks out my style  
Bitin' ass niggas switch my flows up You still nibblin'  
On that speaker, [?] season flows, You can have those  
Like my video shoot close  
Post up, rose a couple prerose  
Doctor Queen, [?] incredible sin  
Jet Life, we're in heaven  
I been hooded in air whe'r' I been

Welcome to my world  
Where every day is a weekend  
Believe that  
And we'll be smoking  
Cause every day is a weekend
