Red Café

Ohh baby I love the way you make a nigga feel
Stepped out on her and she love a nigga still
She ever fuck around, she will make a nigga kill
It's official, she my missus
Here's a tissue for you bitches
And my ex hoes, she pop ex rows?
Shots of the XO, then she turn
Fuck them, fly together
Get high together, left NY together
G4 fly together
She ain't trippin off nuttin' nobody else say
She say "you my nigga so fuck everybody else Trey"
Baby hatin' hard, here's my love cause you need it
I give you my heart just don't break the shit to please us
Ain't nobody, ain't nobody, don't nobody want nobody
Do it like we does it and I love it so fuck it

When I fly you fly we fly together
And when I shine you shine we shine forever (belee dat!)
Baby (we shine)
When I fly you fly we fly together
And when I shine you shine we shine forever

(Shake down)

Cafe, momma, let me thrown on the rubber
Door bell ringing, I'm a heat it at the buzzer
She wanna tear the mall down throwin' stacks quick
Ask her address she holla Saks Fifth
You a lady boss, now you fly free
Put you in Jimmy Choo and you ain't even Chinese
Mixed cocktails, shaken not stirred
With her head in my lap, how can I not swerve?
Shawty thick, got Cleveland Cav's
So much class, double D's and ass
Superfly, opposite of basic
Of course you got haters momma
You on the A-List

When I fly you fly we fly together (belee dat!)
And when I shine you shine we shine forever
Baby (we shine)
When I fly you fly we fly together
And when I shine you shine we shine forever

First class seats, bottles on me
We gettin' Chicken buddy, skinny models wan' eat
No days off and I ain't gettin' sleep
Cause when I give here money, I'm bout to OD
I shine, you shine, so we shine
I'm a show you why the ring finger need a peace sign
Yeah, since I was a knee high
Being fly was something that's in my Levi's
My genes ya'll, my DNA's what I mean y'all
Cause I be all, 3 or more for them [?]
So peace shawty, but Ciroc had that peach in it?
Everything at ease, you in double M G presence

You ain't heard, a nigga like me
Been around the World twice sippin' ice tea
Come with me, to Madrid that's where Real play
Quit the job baby, come and fuck me all day
You see my lifestyle's been nothing but lifestyles
Late nights and early flights, rushing right now
But she, gotta have that [?], what's that? long?
Automatic, cut that, flush that, gone!
And I don't wanna be a playa no more
Okay I'm lying, but I'm trying
They say the money talks and bullshit walks
Have amazing conversation while we flying, I ain't lying

When I fly you fly, we fly together (Belee dat!)
And when I shine you shine we shine forever
Baby (we shine)
When I fly you fly we fly together
And when I shine you shine we shine forever
