

## Let It Go Rmx

Red Café

Light skin broad, fuck her in the car  
And gave her my work, told her put it in her bra  
Next week this time, she killin' them all  
Tell your ex nigga I'mma show him how to ball  
I'm a dope boy, kush flowery  
Ain't been a better bad boy since Mike Lowery  
Fresh like I dry cleaned the whole wardrobe  
My team doing numbers, check the bar codes  
I don't chase money, don't ever chase bitches  
I just chase liquor, but have them all licking  
Back in my city, I'm a guerilla  
I got that uncut, I'm a dope dealer!

I'm dope boy, balling  
I swear I should be playing at the garden  
I'm looking like dope boy, in my Jordans  
And I ain't flipping numbers 'til the morning  
I let it go, let it go, let it go  
I let it go, let it go

Yeah, last time when you seen me I was in that blue thing  
With a supermodel now, I'm in that new thing  
With a newer model and I made her pump the gas  
Took her up to Harlem, then I pumped that ass  
I remember I was counting five hundred milly  
Around the same time Weezy recorded A Milli  
One for the money, two for the money  
Love a real bitch that's all about her money!  
Sorry ass niggas out here looking funny  
So im in my own world, spaced out, Kid Cudi  
Hold the fuck up!  
R.I.P HUDDY, we're still stuntin' on 'em got the hood going dummy

Slumber party in apartments  
I should win a drug dealing contest  
I'm so real, you could catch a contact  
Got that dough dick, I can make her come back  
I still sleep with my scale  
All I had for breakfast was an L  
All I had for dinner was some good pussy  
I got a package in the mail with some good Kushy  
Bring your girl here, I might spoil her  
Four door porsche with the spoiler  
I keep killing pussy, call my lawyer  
Make my girl Jackson like Latoya

More jewels, more cars and more skrilla  
Last sleep, first up like a dope dealer  
Purple leaf for the smoky mirrors  
I ride on your bitch with a four wheeler  
Uh, sharp shooter like the old Miller  
Banana clip, gon' play Gorilla  
Stepping on your own blood, there's your red bottoms  
Shot my homie penthouse, the feds got him  
Look at Shawty ass she can't stand straight  
Spent your down payment on my landscape  
Any means necessary, I'mma gon' get her

You're fucking with the niggas hands on with it
