

Yeah, Shakedown life  
Believe that, huh

In a world so cold  
But I can get it if I dream it  
And my word so gold  
If I said it then I mean it  
And I ain't never gon' stop  
Til I hit the top, it's waitin' for me  
And back at the Marriott  
I got a bad bitch, she waitin' for me

Strapped when I leave the house  
Hold up, I'm thinkin' trap when I leave the house  
Hop in the squadder, look I'm fin to run a route  
Make deliveries, product never runnin' out  
Every day is payday, no days off  
Grind hard, they say hard work pays off  
So I'm in the street scrapin' the pot  
Ice cream man, I got the cake on the block  
The hoes say a nigga lookin' good  
I'm ridin' V-12, take a look up in the hood  
Contrary to the popular talk, I'm gettin' money, muh'fucka  
And I'm livin' like a boss in the hood  
As you can see I'm gettin' chubby, muh'fucka  
My-my-my bitch model status  
Rap sheet long, trigger finger got a callous, what else?

In a world so cold  
But I can get it if I dream it  
And my word so gold  
If I said it then I mean it  
And I ain't never gon' stop  
Til I hit the top, it's waitin' for me  
And back at the Marriott  
I got a bad bitch, she waitin' for me

My vehicle is NASCAR  
Not too much different from my last car  
My team solid, the grind mean  
My vision clear, I'm fightin' for my dreams  
My cell been ringin' a lot lately  
I guess these niggas figured that I'm hot lately  
Still I'm puttin' pressure on the game  
Got my feet on the gas, Shakedown on the chain  
Talk to me, tell me why you niggas losin  
When you can fuck with the winners, we got it movin'  
Cold world, still I fly high  
And nah we ain't stoppin', this be the drive-by  
I jam niggas and blam niggas  
You niggas is dead, virus infected spam niggas, huh  
Yeah, I'm on that victory lap  
For my city, look I'm fin to bring the victory back, what else?

In a world so cold  
But I can get it if I dream it  
And my word so gold

If I said it then I mean it  
And I ain't never gon' stop  
Til I hit the top, it's waitin' for me  
And back at the Marriott  
I got a bad bitch, she waitin' for me

In a world so cold  
But I can get it if I dream it  
And my word so gold  
If I said it then I mean it  
And I ain't never gon' stop  
Til I hit the top, it's waitin' for me  
And back at the Marriott  
I got a bad bitch, she waitin' for me
