

Tap It, Beat It, Drill It

Red Café

Tap it (20x)
Beat it (20x)
Then we gon' go full force!
And we gon'
Drill it (20x)

Shakedown! we got that Hennessey Black, Rosét, Moe
Ciroc in line, nigga tuck your hoe!
I'm a dog off the leash,
I'm hunting for the freaks,
The way I beat it, (beat it, beat it)
The hoes just say that I a beast.
You's a bad girl? A really bad girl?
That's how I like 'em, just shake your ass girl!
See first I tear the party up,
And then I feel your body up.
Damn, your ass so sick, I could sit my Bacardi cup;
Right on top of that!
Can I get on top of that? Can I give it a high five?
Then I'm waving bye-bye...
(What else?)

Tap it (20x)
Beat it (20x)
Then we gon' go full force!
And we gon'
Drill it (20x)

We be rocking that shit like all night,
And when I'm up in this bitch all the boys fight.
And I be breaking it down,
Break, breaking it down.
Gold bottles get to popping when I come to your town.
And he eat it, yeah I'm on my freak shit.
Might not let him beat it-
But he keep my weave did,
Pockets - tap it!

Tap it (20x)
Beat it (20x)
Then we gon' go full force!
And we gon'
Drill it (20x)
