

As Far As I'm Concerned

Red Foley

As far as I'm concerned I don't believe the words
They say about you as far as I'm concerned
I think it's time they learn that nothing I have heard
Could make me doubt you as far as I'm concerned

As far as I'm concerned I'd rather be unhappy dear with you
Than to look for happiness with someone new
For always in my heart there'll be the flame that burns
For you alone dear as far as I'm concerned

As far as I'm concerned I'd rather be unhappy dear with you...
