

## I Am.

### Red Handed Denial

I am, because you're here with me  
You're the reason I live. You're the reason I breathe  
Are my ambitions all too frail?  
Is this what I want? Is that everything?

Not a sound on the long way down  
In the deep end  
As I descend further  
Endless night; it consumes the light  
And I am drowning  
Come and find me, pull me out

I know I've made mistakes  
This life is so unfair  
But I'll always be waiting for you to appear  
I know I've done you wrong  
I'll make amends, I swear  
I'll always be here to be your friend

I was so afraid about this  
Did you think that you're alone?  
Did you think that you were...  
I was so afraid about this  
Did you think that you're alone?  
You're not alone

We thought we were so sure this time  
Will I get used to this, I'm not used to this  
We thought we were so sure  
Left out to dry  
I guess I'm simply jaded

Is this love? What are you waiting for, love?  
What are you waiting for?  
Is this love? What are you waiting for, darling?  
What are you waiting for?
