

Blues For Meister

Red Hot Chili Peppers

1. It's always half and half
I'm happy and I'm sad
Everything that's beautifull
Always kills me too
2. The highest I get up
Is the deepest I get down
You're up there with your life
That's why I gotta shout, shout,
And then gotta shout, shout
3. Blues for Meister
You sweet little thing
Blues for Meister
I'm so sad I gotta sing
4. A cozy little kitty up
sittin' on the couch
Oh, kitty cat, oh, baby
I really miss you now
5. Well have some respect
For my cat
He got squashed by the wheel
Of a Cadillac
6. Well, me and my pussy
We lost our flow
Well, goodbye my little calico
7. Your food's still in the cupboard
Hangin' in its can
You used to love to eat it
Down
8. I'll always love you Meister
You were so good to me
There's nothing like you nowhere
As far as I can see
