Lock the bus undo the chain

She

She

She

Off the bus on to the chain

Getting all to hot, gotta head on 5th and main

I look like you I feel the same

You don't even know my name

I got this tied up to my cell

Well everybody's gone to the everybody shelf

Are you coming through, do you want me to, take your body

It would be so cool, to be cool with you, I said lordy lordy

I don't like blood into the chain

There aint a nelly man that stays up in my brain

A dirty sun will burn away

Do you even want to stay

Are you coming through, do you want me to, take your body

It would be so cool, to be cool with you, I said lordy lordy

Where'd you get that bruise, do you want me to,

take your body

I must still, taking your bod away

Are you coming through, do you want me to, take your body

It would be so cool, to be cool with you. I said lordy lordy

Where'd you get that bruise, do you want me to,

take your body

I must still, taking your bod away
