

Long Progression

Red Hot Chili Peppers

1. Smile when I'm shying with
But I love everything
about you precious
Sweet child precious
Been around for quite a while

I see you kept the best of your top
Voted way, the two combine
Even when it's bad, it's fine
Did she say something that made you cry?
Have you lost it all?
How they fall? Oh so slowly
comes back rolling

R: Then she'll takes another,
but I'll put up quite a fight
Oh here's your pheromone ride
Better way to lead,
the chemistry means everything to me
Long progression's wild

2. Started off to collect knowledge,
quit a job and go to college
All about the aftershock
Swedish claim, sumo pack
Only some and had done made it great
And we celebrate, and I'll love
The long progressing, indiscretion

R: Then she'll takes another...

In between the regions
are the psychedelic seasons
As simple as your strive
Information it's amazing,
and I can tell it's upgraded
Sweet your corporate pride

3. Smile, cause it's alright
I'll supply and I'll love
everything about this
Special long progression

R: Then she'll takes another...
In between the regions...
