## **This Velvet Glove**

 Close to my skin I'm falling in Someone who's been

> Sittin' by the phone I'm left alone In another zone

John says to live above hell My will is well No one is waiting For me to fail My will could sail yeah

It's such a waste to be wasted In the first place I want to taste the taste of Being face to face with common grace To meditate on the warmest dream And when I walk alone I listen To our secret theme

- R: Your solar eyes are like Nothing I have ever seen Somebody close That can see right through I'd take a fall and you know That I'd do anything I will for you
- Sailin' for the sun 'Cause There is one Knows where I'm from

I care for you I really do I really do

Come closer now So you can lie Right by my side

Sit alone in the sun I wrote a letter to you Getting over myself R: (2x)

 Close to my skin Someone who's been I'm a falling in

> Disasters are Just another star Falling in my yard

John says to live above hell My will is well Long to be with Someone to tell I love your smell
