Red Leather

(Your call has been forwarded to an automated voice messaging system)

Hey, it's Red

I'm at a payphone, I can't really talk right now

Listen, I'm leavin' Reno

I can't tell you where I'm goin', but I'm headed south

I'll call you in about three days from the road

Listen, there's been something I've been meaning to tell you

(Hey, you comin' or not? The train's leavin')

Shit, I gotta go, I'll call you
