

## Tug of War

Red Line Chemistry

I think I'm caught in a war  
She's staring me down tonight  
An overwhelming desire  
Of frequencies have hijacked my mind

Obsession takes control and it's a power of a dangerous kind

Shoving  
Screaming  
Tugging  
Choke you out  
Loving  
Breathing  
Coming  
Wake my desire and take your time  
Revel in this crime

Free, how she's ready to play  
Close, but there's nothing to say  
Savor every moment, it's a beautiful climb  
Love the way she leaves me feeling empty inside

Obsession takes control and it's a power of a deviant kind

Shoving  
Screaming  
Tugging  
Choke you out  
Loving  
Breathing  
Coming  
Wake my desire and take your time  
Revel in this crime

Reel me so close, I can taste her in every way

Faster and faster, caught up in a lasting embrace

Obsession takes control and it's a power of a dangerous kind

Shoving  
Screaming  
Tugging  
Choke you out  
Loving  
Breathing  
Coming  
Wake my desire!
