

# Unspoken

## Red Line Chemistry

You, know, how to win  
You and me were stuck like glue then  
Now we can't get far enough away  
I don't believe a single word you say anymore  
I cannot trust in anything you do

And so  
It goes dear friend  
The end gives in  
Never to be saved

Pull down your halo  
Shining in everyones eyes  
While the devil  
Is running around, spreading your lies  
Go run and hide, you'll never survive  
How do you sleep at night?

You are just another pretender  
Can't believe I didn't notice before  
You don't get my sympathy  
There's nothing I can do but watch you bleed  
Now that the damage has been done

And so  
It goes dear friend  
The end gives in  
Never to be saved

Pull down your halo  
shining in everyones eyes  
While the devil  
Is running around, spreading your lies  
Go run and hide, you'll never survive  
How do you sleep at night?

How do you sleep at night?

Broken...  
Broken...  
Hopeless...  
Hopeless...

Broken  
And Unspoken  
And its hopeless  
Rebuilding what was lost

Pull down your halo  
shining in everyone's eyes  
While the devil  
Is hiding inside,  
Tugging and pulling your halo  
Slowly, you're blinding the stars  
While the devil  
Is running around, spreading your lies  
Go on and hide, you'll never survive

How do you sleep at night?

How do you sleep at night?

How do you sleep at night?

How do you sleep at night?

How do you sleep at night?

How do you sleep at night?
