## Red Lorry Yellow Lorry

I need you like a hole in the head  
When you're near my blood runs wild and I see red  
On going situations start to grip  
And all my life, you won't stop giving me your jipp

Jipp  
Oh, jipp  
Yeah, jipp  
Oh, jipp

Up my street I see your regulations stick  
I see the people as they tick  
They just try to live from day to day  
And all their lives you won't stop giving them your jipp

Jipp  
Oh, jipp  
Jipp  
Yeah, jipp
