Which Side

Red Lorry Yellow Lorry

Holding on, you keep holding on To the things you love, you just carry on It's like amnesia as the days roll on This shadow over everyone

Which side are you on I said which side are you on

If your legs are tied, but your shoes undone And your holding out, but it won't take long When the walls are up, and you're tumbling down Are you made of stone, will you carry on

Which side are you on I said which side are you on Which side are you on

Which side are you on I said which side are you on
