

The Days Of Me And You

Red Sovine

Time keeps slippin away
Minute by minute each day
Some things that I wanted to do
I just didn't get around to
And I've wasted the days of me and you

Over and over and over
I wished I'd taken more time
Doing things with you
I'll never do again

Time keeps slippin away
Minute by minute each day
Some things that I wanted to do
I just didn't get around to
And I've wasted the days of me and you

Over and over and over
I wished I'd taken more time
Doing things with you
I'll never do again

Time keeps slippin away
Minute by minute each day
Some things that I wanted to do
I just didn't get around to
And I've wasted the days of me and you

Slippin away time keeps slippin away
Minute by minute each day
Time keeps slippin away
