

## Too Much

Red Sovine

I know I cried too much  
Before I met you I used to laugh a lot  
They say that I drink too much  
Before I met you I seldom drank a drop  
And they tell me that I do too many things  
That I shouldn't do  
But I didn't do these things too much  
Til I met you

I worry much too much  
Before I met you I didn't have a care  
I miss your touch too much  
Before I met you I didn't need you near  
And I never thought that losing love  
Would hurt the way I do  
But I didn't love anyone

Too much 'til I loved you

I love you much too much  
I know you think I'm gonna cry  
I'm so glad that you called me up  
Let me say just one thing before you say goodbye  
I know someday I won't hurt too much  
Cause we both know that it's true  
That I didn't really love  
Too much when I loved you  
I know someday I won't hurt too much  
Cause we both know that it's true  
That I didn't really lose too much  
Too much when I lost you
