

## December

### Red Sun Rising

Waiting on the cold Ohio air  
Promised to come with the winter  
Year after year

But she's out of sight  
And out of mind  
Sights remind her what she can't remember  
In my arms just alive together

Please remember  
Don't worry about a thing  
You'll remember in December  
Precious, surrender  
And don't worry about a thing  
When I penetrate you in December

Anxiously wearily leaving Eden behind  
So father, send back your child  
I'll steal it this time

But she's out of sight  
And out of mind  
Sights remind her what she can't remember  
In my arms just alive together

Please remember  
Don't worry about a thing  
You'll remember in December  
Precious, surrender  
And don't worry about a thing  
When I penetrate you in December

Out of sight and out of mind  
Out of sight and out of mind  
Out of sight and out of mind  
Just alive together

Please remember  
Don't worry about a thing  
You'll remember in December  
Precious, surrender  
And don't worry about a thing  
When I penetrate you in December
