Ooh
Ooh, ooh (Ooh)

It's bright over there
Surprised by a piece of faint light
I fell
A wriggling star
If you grab it, it will overflow

Going up to the sky
If it touches your heart
Echoing throughout the universe (Each other's sounds)
Even as time goes by
In the same place in each other's hearts

In your sparkling eyes
Touch the starlight contained within
In a world filled with pounding sounds
Things I couldn't say before, uh, yeah
Red cheeks illuminated by the sunset
I want to talk in your ear

The sunlight shining down
It used to pick on us
Laughing loudly
All with mischievous colors
Talk to me and knock on the door
I want to be with you wherever you go
Following your light
Because all dreams become clearer

In your sparkling eyes
Touch the starlight contained within
In a world filled with pounding sounds
Things I couldn't say before, uh, yeah
Red cheeks illuminated by the sunset
I want to talk in your ear

I saw the same moon
I want to dream every day
The brilliant light hidden in the shadows
That place we are looking at together
Because it's so shiny (Ooh)

In your sparkling eyes
Touch the starlight contained within
In a world filled with pounding sounds
Things I couldn't say before, uh, yeah
Red cheeks illuminated by the sunset
I want to talk in your ear

Ooh

Ooh

Things I couldn't say before, uh, yeah (Ooh, yeah)
Remember us, endlessly unfolding
Above the two hands held tightly together (Ooh)
