Ooha

Oohah yeah

What brings you here all sudden?

Crash into a world so still

Chill Kill enters like Thunder

That thrill be makin' my mind ill

Add sugar to the error Glory to the incomplete

Could anything scare me? Always and forever

You're so easy to make mine

Held you whenever, sent you wherever

But I wanna see you again

Regretting so bad I could die

Yeah don't care If it hur-hur-hurts

Perfect soul looks perfect on you

Could I make you stay one more time?

(Hey!) Don't think about tomorrow

(Yoo hoo!) Your sparkle is still on

Gonna change at long last

Tears down my cheeks melting that ice

What a chill kill

I know you will

Bring me lightning like a winner

Waiting for you here

For a happy ending

What a chill kill

Night is long, fire up the lighthouse

So you won't get lost (I'm here)

This night is harsh

So the world's all hushed

You tamed me badly

For you there was only me

Why were you so good to me

Was I worth it, baby (Together)

You keep running, running away

Shouting how you hate me

But you couldn't finish saying it

And locked your eyes with mine

(Don't run away)

Nights were young - clumsy, a bit crude

Nights were cold - turn the heat up

Yeah, look how much has changed

Look how I'm quite changed

Could I hold you once again?

(Hey!) Don't think about tomorrow
(Yoo hoo!) Your sparkle is still on
Gonna change at long last
Tears down my cheeks melting that ice

What a chill kill
I know you will
Bring me lightning like a winner
Waiting for you here
For a happy ending
What a chill kill

Say say say
Now are you ready ready? (You ready?)
Say say say
Now are you ready?

I won't cry because of you
I laughed only because of you
(Up in the sky)
Yeah it's love

The orange sun's almost set
All I need is your warmth
Until the end
(Till the end of time yeah yeah)
End of time

(Hey!) Don't think about tomorrow
(Yoo hoo!) Your sparkle is endless
Gonna change at long last
Tears down my cheeks melting that ice

Don't think about tomorrow
Forget about your sorrow
Gonna change and you can't leave me
Tears down my cheeks melting that ice
(Melting that ice)

(What a chill kill I know you will)
Don't think about tomorrow
(Bring me lightning like a winner)
Your sparkle is endless
Gonna change myself at long last
