Which one do you love?
(He's a big boy)
Clear it up for me
(But such a young boy)
Which one do you love?
(Such a sappy sappy boy)
Clear it up for me! (know)
Come on boy, yeah
Sappy yeah

You're sobbing and being pessimistic
You're hesitant again, you can't choose
Piling up the poems you've written in your notebook
Is a sentimental hobby, don't you think?
Look, now is the time, open up the door!

Even though I definitely wouldn't mind being loved

Why? Stop getting timid on me (amazing)

I don't hate you or anything!
(Sappy sappy too cutie cutie)
Log out from your fantasies
(Sappy sappy too cutie cutie)
Which one do you love?
It's gotta be tonight, tell me your true feelings
I'm not a child
(Sappy sappy too cutie cutie)
Tell me, which one do you love?
Clear it up for me

It's not a bad thing to dream
This isn't a fairy tale, it's the real world
What are you gonna do? Which are you gonna pick?
Reality or fantasy, teenage boy?

I'm still clearing dating simulation games
Using the manual
I'm still a long way
From real love

If I ask you for your love
Don't turn your eyes away from me! (amazing)

I don't hate you or anything
(Sappy sappy too cutie cutie)
Escape from being just two-dimensional
(Sappy sappy too cutie cutie)
Which one do you love?
Tonight, let me know your true feelings
You'll really grow up then
(Sappy sappy too cutie cutie)
Tell me, which one do you love?

Which one do you love?
Clear it up for me
Which one do you love?
Clear it up for me
(Know know know know)
Either one is fine with me
Clear it up for me (know know know know)

I don't hate you or anything
(Sappy sappy too cutie cutie)
Log out from your fantasies
(Sappy sappy too cutie cutie)
Which one do you love?
(Sappy sappy too cutie cutie)
Escape from being just two-dimensional
(Sappy sappy too cutie cutie)
Which one do you love?

Is it me, or that other girl? Pick one!
From the bottom of your heart, this girl or that one
It's gotta be tonight, tell me your true feelings
You'll really grow up then
(Sappy sappy too cutie cutie)
Tell me, which one do you love?

Which one do you love?
Clear it up for me

Which one do you love?
Clear it up for me
