

New Cool

Red Wanting Blue

We are the new cool

There's a solution
To the pollution in our heads
Kid's prediction
For the affliction that will end
Their equation
And our invasion hits the land
With mom and dad down, kids, let 'em understand

Jaws drop to the sidewalk
Their tongues will tie when they wanna talk
Holy days there are few
Come on, they're yesterday's news
We are the new cool
Hey, Hey
We are the new cool

A split decision
Is the precision in our hands
Cut away from
The past and present as it stands
Revelation
The revolution's now at hand
Congratulations, you never saw us coming

Jaws drop to the sidewalk
Their tongues will tie when they wanna talk
Holy days there are few
Come on, they're yesterday's news
We are the new cool
Hey, Hey
We are the new cool
Hey

They're yesterday's news
We are the new cool
And our future looks bright and cruel
Bright and cruel
Bright and cruel
The future looks bright and cruel
Bright and cruel
Bright and cruel
The future looks bright

Jaws drop to the sidewalk
Their tongues will tie when they wanna talk
Holy days there are few
Come on, they're yesterday's news
We are the new cool

Bright and cruel
Bright and cruel
We are the new cool
Bright and cruel
Bright and cruel
We are the new cool

Hey, Hey
We are the new
