

## Wonderful

## Red Wanting Blue

Welcome America  
to a safer state of mind  
Just crawl inside your cable box  
Remote control dream  
it once was only a habit  
but its still too soon to break my stride  
Chorus

When will we dance the daisy haze?  
When will we feel the daze come on?  
I wanna feel wonderful  
I hear their sending people to the moon  
Well now, that might be the place for me  
cause I can't seem to find my way  
through these earthly days  
without always feelin' down  
Chorus(2x)
