

Emergency

Red

I'm in my head again
Only chaos, nothing making sense
A night of hopelessness
Stirring, burning
It's an emergency

I'm in a nightmare
The fear is haunting deep inside
I'm a ghost, I'm erased
Can you see me? Can you see me?

Stay with me
I need you, don't abandon me

Rescue me, I want to feel and
Breathe again, breathe again
All I want is just to live and
Love again, love again

It's an emergency
I need you here beside me
It's an emergency
I need you here beside me

I'm in my head again
Without you I have nothing left
Stay with me

Rescue me, I want to feel and
Breathe again, breathe again
All I want is just to live and
Love again, love again

I need you
I need you
I need you
Emergency
