From the Ashes

Red

You don't know what I am
You don't hold the key
Didn't feel me breaking
Underneath
Tried to pull me under
Drown me with your lies
Hid away the darkness
In the...
Light burns deeper now

We are fighting to survive
I'll never break
From the ashes we ignite
Don't fade away
We live, we die
We fall, we rise

Time will hold the answer
Every season turns
I won't stay here bleeding
Suffering
Burning deeper
Sinking under now

We are fighting to survive
I'll never break
From the ashes we ignite
Don't fade away
We live, we die
We fall, we rise

We live, we die
We fall, we rise
We rise

We are fighting to survive
I'll never break
From the ashes we ignite
Don't fade away
We live, we die
We fall, we rise
