Cycles

Redbone

Day to day living is a struggle
Life goes on
You've got to change with the times
Before they've gone
Bop bop bop a do bop bop
Bop bop bop a do bop bop

Friends and things and lovin' things
Shinin' phantom on my ass
Bop bop bop a do bop bop

All the joy you hold inside
Give it life don't let it be denied
Who's to say what's right or wrong
Only God can say but you decide
Round and round the cycle goes
Where it stops nobody knows
Nobody knows

Time waits for no one better hurry
It's a bitch keepin' up
It's for our future we now worry
Smokin' with a coffee cup
Bop bop bop a do bop bop
Bop bop bop a do bop bop

Planes and things and limousines
Instant madness magazines

I see the wind go flying by
Why can't I
Be as free and individual to me
Why can't I, why can't I
Why can't I
Bop bop bop a do bop bop
Bop bop bop a do bop bop

All the joy you hold inside
Give it life don't let it be denied
Who's to say what's right or wrong
Only God can say but you decide
Round and round the cycle goes
Where it stops nobody knows
Nobody knows

Life is a cycle we can't stop it
Turning us around and round
Being on the spot is part of living
Ain't it hard to face
Bop bop bop a do bop bop
Bop bop bop a do bop bop

Cars and bars and stars and liars
They don't need a doggone thing
Bop bop bop a do bop bop

All the joy you hold inside

Give it life don't let it be denied
Who's to say what's right or wrong
Only God can say but you decide
Round and round the cycle goes
Where it stops nobody knows
Nobody knows

Bop bop bop a do bop bop
Bop bop bop a do bop bop

I see the wind go flying by
Why can't I
Be as free and individual to me
Why can't I, why can't I
Why can't I
Bop bop bop a do bop bop
Bop bop bop a do bop bop
