

Good Enough for Jesus

Redbone

In a world of shadows follow
But never head

Slow in thinkin' it over
Quick to put us down

Tryin' to show somebody
Right from wrong

When they don't like your face
Cause your hair's too long

But remember, remember
Remember, remember
What's good enough for Jesus
good enough for Jesus
good enough for Jesus
Oh Lord, Lord!
So it's good enough for me

Before you start looking down
Look up your family tree
Know you've been related to long hairs
Just like me

Blood's thicker than water
Love is free
Close your eyes, give your heart
A chance to see

And remember, remember
Remember, remember
What's good enough for Jesus
good enough for Jesus
good enough for Jesus
Oh Lord, Lord!
So it's good enough for me
