Redbone

From an airplane, a freight-train
To a motel, a hotel
Grab a bite at the corner
Money's short on the road
Motivation

High above the street in your suite
Working out your schemes
Cadillac and nude almanacs
Motivation

From a limo, a taxi
To a club from a concert
First you're up then you're down, yeah
Take a smile, give a frown now
Motivation

Is your voice an echoing thought
Are you someone's fool
Hide behind your desks and your books
Motivation

Earn a nickel, lose a dime now
Say it's fun, it's a drag, wow
The way I'm treated is a crime, ow
Give your heart and your soul, pow!

Working out your schemes
