

# One Monkey

Redbone

Rollin' in the rich man's war, feelin' not so very cool  
I don't take my handout, oh I swing it all night long  
It's not happenin', I don't feel it  
Puts the strainin' back as canin'  
Then you find it and pull yourself together and come out with a  
mouthful  
Know that one monkey  
He don't stop no show  
One monkey  
He don't stop no show

Movin' up the 'D' track oh, I got my hammer in my hand  
Takin' mind for goodness Oh I, I'll give the best for you  
Oh I'm tryin', yes I'm tryin'  
Got to make it, not just fake it  
But the music gets you goin' stronger and it drives you right o  
n  
You know that one monkey  
He don't stop no show  
One monkey  
He don't stop no show

Rollin' in the rich man's war, feelin' not so very cool  
Gotta take my handout, swing it all night long  
It's not happenin', I don't feel it  
Puts the strainin' back as canin'  
Then you find it and pull yourself together and come out with a  
mouthful  
'Cause you know that one monkey  
He don't stop no show  
One monkey  
He don't stop no show  
One monkey  
He don't stop no show  
One monkey  
He don't stop no show  
One monkey  
He don't stop no show  
One monkey  
He don't stop no show
