

Cellulite City

Redd Kross

I sit here writing this song
with my LCD digital pen
I've done no good
committed no sin
please tell me now
what's cool and what's in
it's 11: 38
nothing I like
and nothing I hate
see the people all in a row
just want you
to give them a show
numb bored and not amused
cause it's everyday on the news
I can't play this
I can't write that
cellulite city
that's fat
well I guess
I can't control your mind
at least it was worth a try
there's something here that you
can't deny
we just want
to make your brain fry
solo break
natas! natas! natas! natas!
natas! natas!
