

Fighting

Redd Kross

It's time to move, we're fallin' behind now
It's time to play, I'm losin' my mind
Whoa, break it down if it's somethin' that I must do
I break it down and I may be the same as you
K-Pop girls singin' bebop songs
Please drop in
Who wants to sing along?
Fighting, fighting
One, two, three
Girls all are standing
Fighting, fighting
Do it for you
Girls go on fighting
I got the thought that we could afford
Got the end out of our own
Who woulda thought the shared reality
Dream is the joy and the laughter we had?
K-Pop girls singin' bebop songs
Please drop in
Who wants to sing along?
