Ms Lady Evans

Redd Kross

Wicked witch, she reigned supreme
In rubber phallus dreams

It's ok to be stupid
If everybody else is

Never want to go to that place
All the people there are bad things
It's like babylon for sad morons
And fools, what can you do

Lady evans was the one
Who watched us on the prison yard

Unattractive was the main attraction
When she was on guard

Never want to go to that place
All the people there are bad things
It's like babylon for sad morons
And fools, what can you do

The neighborhood is clear and bright
The people know they're looking fine
You're never gonna leave
It's plain to see
Fallen stars and their stolen cars
In reality, you see

He's the one who rocked the nation
Inter-racial
He's the one who rocked the nation
Inter-racial sex sensation

The neighborhood is clear and bright
The people know they're looking fine
You're never gonna leave
It's plain to see
Fallen stars and their stolen cars
In reality, you see

The neighborhood is good
The neighborhood is good
The neighborhood is good
