Pretty Please Me

Redd Kross

Animal gods got a cod piece
So shot on the hard seas
Gotta be - gotta be a man
People gotta get what they can
I said my (my-my-my)

Can can is the new age
San san is the coming rage
Pretty please me, pretty please me baby
Don't askme cause I already gave
I said my - it's a crime-crime-crime

Please me, pretty please me
It's so easy, pretty please me
If it seems alright
Pretty please me right

Pretty please me with sugar on top
Hey baby do the flip flop
I got a girl, got a d-dream girl
Keeps cool in a dream world
I said my my-my-my

Bang bang goes the big big gun
Hey baby, I'm the, I'm the one
Be-bop boy see J Seabring
Twenty thousand years in Sing-Sing
My - it's a crime-crime-crime

Please me, pretty please me
So easy - to pretty please me
If it seems alright
Pretty please me right

Won't you please me - pretty please me
It's so easy- to pretty please me
If it seems alright
Pretty please me right

Please me please me pretty please me
Please me please me pretty please me
Please me please me pretty please me
Please me please me pretty please me

Please me please me pretty please me
Please me please me pretty please me
Please me please me pretty please me
Please me please me pretty please me
