Redfoo

Party Rock!

Oh!

Yeah Baby, let's go!

We gon go as far as we can go
Nobody knows how it all turns out
We promise to party outta control
We gon keep shining till the sun burns out
We gon keep shining, shining, shining
We gon keep shining, shining, shining
We gon keep shining, shining, shining
We gon keep shining till the sun burns out!

I'm walking in the club like every night
If you're hating on me you must be in the line
I been on my grind, now is my time
To kick back and enjoy this vodka and lime
Yo, I got my Party Rock crew, we raging
Shufflebot and Q, in the B-boy stance amazing
Got a beat that rocks the basement
Industry that try to chase me
When its me I'm only racing, so you see I'm first place man!

I know we at the club tonight (Ayo!)
Good vibes and we feeling right (Ayo!)
Everybody raise your shots, cuz this is what we do when we Party Rock!
Ayo oh oh oh oh oh oh oh
Ayo oh oh oh oh oh oh oh
Ayo oh oh oh oh oh oh oh
This is what we do when we Party Rock!

Let's go!

We gon keep shining till the sun burns out!

I'm like that long shot, 30 to 1 strong slot
Never carried a gun but I'm gon pop
Now I'm on to something and it won't stop
Don't stop, can't stop, man's hot
Number one in the dance spot yo!
Number two is the place for you, if you're racing Foo, face it dude!
I like to shock ya, rock ya, drink some vodka
Shots up to my crew and you
And too my Foo fans, move
And to the move man, groove
And to the smooth synthesis I'm deep, abyss
I keep a fist pumping
And the bass thumping, and I see your hands up in the air

We got this place jumping, takin these shots like we don't care
Yo its all good
She wants it all wood
I see some cuties with booties, I think we all should

I know we at the club tonight (Ayo!)
