

Alien

RedHook

I just can't take care of the things I love... the things I love
I just can't take care of the things I love... the things I love

If you care, for what it's worth
I don't know why I did those things
You should go 'cause all my friends say that you're no good for me
See, no one ever broke my heart so I just broke it myself...
How does that make sense?

Must be an alien race
Came here from a dark place
Tell me why... my pieces...
My pieces don't fit like they're supposed to
Help me do this like you?
Tell me why... why do I...
Why do I always break everything?

I still care, for what it's worth
I don't know why I said those things
You should go 'cause all your friends
Say that you're too good for me
See, someone always held my hand but I still broke it myself...

Must be an alien race
Came here from a dark place
Tell me why... my pieces...
My pieces don't fit like they're supposed to
Help me do this like you?
Tell me why... why do I...
Why do I always break everything?

I just can't take care of the things I love... the things I love
I just can't take care of the things I love... the things I love
I just can't take care of the things I love... the things I love
I just can't take care of the things I love... the things I love

Must be an alien race
Came here from a dark place
Tell me why... my pieces...
My pieces don't fit like they're supposed to?
Help me do this like you?
Tell me why... why do I...

And I don't wanna feel this
I don't wanna exist on this way
Somebody... Somebody
Once said I'm only human
But if that's the truth then...
Could I change?
Why do I...
Why do I always break everything?
