All these suckers wish they were like that
With that blue tick, big dick, Danny D energy
Do your drugs for free just like that
But no supplier gets you higher than your own superiority

Pickin' on the girls
Yeah you're the baddest in the world
Your toxicology report came back with deadly masculinity
Say it for me louder just like that
"These chick bands are so cringe"

So hang that fuckin' name
On every wall in the Hall Of Fame
No other John
Bomb.com
You're the motherfuckin' Don

Man it's such a shame you're like that
'Cause I had a lot of genuine respect for all your artistry
But I guess it's gonna be like that
And I hope I never meet ya 'cause I'll tell you what you are to me

Just another fragile ego
Talkin' shit on all my people
Does it make you feel like you're a big man in the industry?
Stand Atlantic said it best like that
"You're a motherfuckin' rockstar"

Hang that fuckin' name
On every wall in the Hall Of Fame
No other John
Bomb.com
You're the motherfuckin' Don

If you wanna give it out like that
People gonna call you out right back

So hang that fuckin' name
On every wall in the Hall Of Fame
No other John
